Digital Headend

Multiplexer, Scrambler, QAM Modulator & EDGE QAM

Luminato 4x4 Dense QAM
upto 144 QAM with Scrambler

Luminato Platform upto 24 QAM
with scrambler

Intel based 12 Channel SD /
8 Channel HD Encoder

12 Channel Magnum Encoder

IT-200 Platform
(24 Channel - SD/HD Fujitsu Encoder)

Ateame Titan Live (Software-Based Live
Video Compression for Distribution)

Digital Headend

Encoders, IRDs, Transcoders, EDGE QAM, PSI and EPG

DTV Headend Processor
(16/96 QAM with Scrambling)

IT-730 32 EDGE QAM
IT-820 48 QAM with Scrambling (Support 10G Inputs)

High Silicon 8/16/24/48 Channels
SD/HD Encoder

Transcoder for 25 to 200 services

IT-180 16/24 Channel FTA IRD

IT-280R HD/SDI Professional IRD
(1 LNB / 2 CI Slot)

KO 400/800 Encoder Modulator with
Scrambling (Combo)

Optical Fiber & Networking Cables

All types of OFC, FTTH, Lan/Wan Cables

CONSTRUCTION DETAILS OF 24 FIBER

CONSTRUCTION DETAILS OF 48 FIBER

CONSTRUCTION DETAILS OF ADSS CABLE

1 / 2 CORE FTTH DROP CABLE

CAT-6

CAT-5E

Digital Set-Top Box

DVB-C MPEG-4 SD/HD, OTT & IPTV STBs / DVB-S2

Smart Hybrid STB

MPEG-4 SD STB

MPEG-4 HD STB

Android Hybrid STB

Android Box

OTT Solutions

FTTH, GPON & GePON Products

End-to-End Dual and Triple Play Solutions

4/8/16 port GPON/GePON

1G ONU / IG + WIFI
(X-PON)

1G + 1FE +1POTS + RF + WIFI
(Triple play and X-PON)

1G + 1FE +RF + WIFI
(X-PON)

1G + 1FE +1POTS + WIFI
(X-PON)

Dual Band X-PON
(2x1G + Wifi, 2x1G + 1xVoice
+ Wifi, 4x1G + 2xVoice + Wifi)

Raisecom OLT

Raisecom ONUs

Mux-DeMux
4/8/16 CH CWDM / DWDM

All types of SFP Modules

*X-PON: Works in GPON and GePON both.

*Dual band: Support 2.4 GHz / 5 GHz

Infrastructure Man-O & M Services / OSP Project

SERVICES

- We provide Services like Roll Out, Operation & Maintenance (O&M) of Optical Fiber Network for all major Telecom operators in India.
- We undertake O&M of network and facilities for all Towers and POS of Major Telecom operators.
- We are holding Infrastructure Provider Type-1 License from Department of Telecom, Government of India. We provide Dark Fiber/Ducts/Passive Infrastructure on Lease.
- We specialize in providing FTTX Solutions.
- We specialize in Installations and commissioning of ADSS Cabling, O&M of FTTx, Small Cell, IBS and all Telecom Networks. We also provide required trained Man Power for above services.

INFRASTRUCTURE LEASING

Dark Fibre:

Maharashtra: Mumbai, Thane, Pune, Nashik and Nagpur

Gujarat: Vapi, Surat, Vadodara, Ahmedabad and Gandhinagar

Delhi: NCR Delhi

Our Promise

OUR VISION

To give our customers the benefit of the technological advancements in CATV, Broadband and telecom products.
To provide unprecedented support with reliable services.

OUR MISSION

We intend to support our vision by providing the most advanced products and services catering to our customers so as to empower them with the latest trend in the industry. A happy customer base is a barometer for any successful organization. We strive hard to strengthen this base through excellence by upgrading ourselves and bringing in the latest technology. We always give precedence to create an ecosystem for all associates, stakeholders and esteemed customers for a long-lasting relationship. We will continue to deliver our commitments with consistency.

Needless to say, all with blessings of the almighty GOD.

We say LIFE IS GROWTH

OUR VALUES

With utmost respect to humanity, we intend to serve our customers with integrity, efficiency, commitment and consistency. With a resourceful team, we aim to deliver quality products, services and obtain customer satisfaction off the charts. As a learning organization, we always try to combine physical, emotional, and logical elements into one unparalleled customer and partners experience. This is what sets us apart. With these values deeply rooted, we aim to fulfil our Mission and visualize our Vision.
